**REPORT OF THE LIBRARY COMMITTEE**

---

The library was open additional hours this year — Monday, 4-6 p.m. and Thursday, 7-8 p.m. to accommodate school children and adults alike. There are 179 registered borrowers—43 new ones this past year. The Trustees purchased 39 adult's, 65 children's, and 5 reference books. The Selectmen bought \$35.00 worth of Law Books which will be available to the public for use in the library only.

There were 5 Bookmobile visits.

Numerous corporation magazines are received monthly or quarterly — along with the Grange and PTA magazines. Some college catalogues are available also.

The Librarian attended 4 State Library sponsored meetings.

We wish to express our thanks to the Librarian, Mrs. Deborah Meigs, for her faithful service.

Respectfully submitted,

AMY R. KIMBALL

**REPORT OF AUDITORS**

---

This is to certify that we have examined the records of the following Town Officers of the Town of Danville for the calendar year ended December 31, 1962; Town Clerk, Town Treasurer, Tax Collector, Selectmen, and Parsonage Committee. All funds collected were properly accounted for and expenditures were supported by vouchers. The following exception was noted in the Selectmen's records—Voucher 2350 submitted by Bartlett Insurance Agency in the amount of \$78.85 was paid as \$98.85 representing an over-payment of \$20.00.

The records and books of the Trustees of Trust Funds were not audited for the Year 1962.

Taxes collected during the month of December in the amount of \$10,666.87 were not remitted to the Town Treasurer within the stipulated time. These funds were subsequently deposited with the Exeter Banking Company and verified.

## SCHOOL NURSE'S REPORT

---

To the Superintendent, School Board Members,  
and Citizens of Danville:

The 1962 school year brought increases in the school enrollment which of course brings increasing work and responsibilities in the areas of service which the nurse covers.

We are fortunate to have a principal and teachers who are interested in the whole child. They recognize that individual health is paramount in importance in developing each child to perform at his emotional, physical and educational peak. Consequently, health is taught in the classrooms at each grade level. Besides this, a physical educational program is being carried on which is a credit to all concerned. Most youngsters become very enthusiastic about the daily exercises, especially as they see their physical prowess developing.

The quality of the hot lunch program is excellent. This includes the meals served as well as the integration of the program into the total learning of the children.

Child health conferences were held in Epping in the spring with immunization shots and vaccinations made available free of charge. Danville parents were invited to take their preschool children to these clinics and several took advantage.

Attendance at the Sabin polio clinics held in June, July, and September met the expectations of the County Medical Society.

Very little is being done at the state level for emotional problems. When these arise locally, our only recourse is to private treatment, the cost of which is prohibitive.

At this writing, your PTA is investigating the possibility of having a dental clinic, using state matching funds. This will be a worthwhile project, and it is to be hoped that arrangements can be made for it.

It is a pleasure to work with the children of Danville.

Respectfully submitted,

CONSTANCE J. HUSS, R.N.

## SUPERINTENDENT'S REPORT

---

In submitting this report I want first to commend you for providing such an excellent school facility for your children. Even though this represented a tremendous financial obligation you should all feel justly proud of what has been accomplished.

Perhaps the greatest change in the overall school program during this past year was the initiation of a semi - departmentalized arrangement in grades five through eight. This change seems to be working quite satisfactorily, since both Mr. Furlong and Mr. Sargeant are now teaching in their major fields, i.e., Mr. Furlong in English and Math and Mr. Sargeant in Social Studies and Science.

One topic that continues to plague parents, school board members and teachers alike is the overall reading situation. In many cases the problem stems from having large, or combination primary grades. An improvement could and probably would be realized if Danville employed an additional teacher for 1963-64, and separated grades one and two. This, obviously, would provide the individual attention which is so essential in early reading instruction in grades one and two.

Your school board continues to work diligently to establish a suitable policy for the use of the school plant by the community. This problem is complicated somewhat, since former regulations cannot apply in our present situation. Nevertheless, the board is fully aware that its basic responsibility is to safe-guard your investment and is trying its utmost to do just that.

In closing, I want to extend my wholehearted thanks to your conscientious board for their kind considerations

and cooperation and I hope that as time goes by I may be of greater service to them and to you.

FRANCIS C. WILSON,

Superintendent of Schools
